server

Education

University of karachi, Karachi | 2018 - Present

Govt Dehli, Karachi | 2015 - 2017

Sm Public Academy, Karachi | 2013 - 2015

Achievements

🏆 Got recognized for open source contribution in vaccify.pk on their webpage: https://vaccify.pk/hall-of-contributors

Courses/Certifications

2021

2022

2020

Cisco
Learned the essentials of linux

2020

Udemy, City
Learned in depth about computer networking essentials

January 2019 -
April 2019

Computer collegiate, karachi
4 months course under the supervision of Givernment of sindh in which got extensive knowledge in developing web apps on .Net and practised along the way

Projects

2020

Freelancing Plateform (getprodev.com)
Created Freelance plateform where an employer posts a project and milestones of that project and freeleancers having required skills may bid for that project to approve a bid employer should have added his credit card info
Employers can view those bids and can approve one bid among those
As milestones pass admin and employers get realt time reminders and on approval by emploer payment si tranferred directly to freelancers account and can request payout to his connected bank account

2021

Affiliate Marketing Website (viralad.tourtech.co.il)
Affiliate marketing website where an agency creates a campaign and affiliates having big social media following will apply for those campaigns and Agency may approve or reject affiliate's request
If approved affiliate may create posts for that campaign and on approval by agency post gets published to connected fb and insta account of affiliate right from our website and then based on likes, comments and views of the post affiliate gets paid by agency right from the website as well

2021

Hotel Management web app (admin.contelapp.com/)
Integrated Twillio whatsapp Message
Created New Apis and Modified existing ones as needed
for Mobile app
Added new functionailities and xhanged existing ones as
required according to client's need
